## In This Issue

- Employee of the Month
- New Staff
- Community Outreach
- TSA Inspection
- Historical Photo
- First Aid & CPR
- The Roundabout..
- Leadership JH
- The Board's 50th

## Employee of the Month:

Cheryl Panos was awarded the Employee of the Month for June. Cheryl had numerous nominations highlighting her willingness to help in any situation and fully embracing the "People Helping People" mantra. Congratulations Cheryl!

## New Teammates:

Please welcome Mike Geiling and Jason Stewart to the airport family! Together, they will operate the new fuel farm once it's completed. We are very excited to welcome them to our team! Please take a moment to introduce yourself when you see them.

## Community Outreach:

### **The Airport was out and about a bunch during the month of May!**

On May 12<sup>th</sup>, the Airport hosted a booth for its third consecutive year at the EcoFair. We debuted our new video short highlighting our environmental initiatives and gave away recycled, glow-in-the-dark Frisbees and solar powered light-up keychains. If you haven't seen the environmental video yet, go to [jacksonholeairport.com](http://jacksonholeairport.com) and click on "About JAC", it's worth the two minutes!

The Airport also hosted a birthday party on May 12<sup>th</sup> for two little boys who turned 4. There were about 30 people in their group and fun was had by all. We would like to thank all of the staff members for all of the support executing both of these events on the same day. You are all ROCKSTARS!!!

Staff participated in the "Old West Days" parade on Memorial Day Weekend!

JH Airport was the Title Sponsor for this year's Touch-A-Truck event in conjunction with the JH Children's Museum on June 4<sup>th</sup>. The plow truck impressed a lot of families and the JAC Aircraft Rescue & Fire Fighting truck was a hit!

## Upcoming Opportunities:

- Come walk in the 4<sup>th</sup> of July Parade with the Aircraft Rescue & Fire Fighting Truck and staff. Meet at the Town utilities corridor across from the fairgrounds on Snow King by 10:00 a.m. on Wednesday July 4<sup>th</sup>.

## TSA Inspection:

*Congratulations to everyone for having a great Annual Security Inspection!!*

## First Aid and CPR Certifications:

Several staff members are now First Aid and CPR certified thanks to a class provided by the Airport and organized by John Simms. If you are interested in participating in a future class, please talk to John Simms in Operations or email him at [john.simms@jhairport.org](mailto:john.simms@jhairport.org).

## Roundabout Construction Update:

Grand Teton National Park has been awesome about letting us know about current construction conditions. Please note that these updates are for internal use only. The general public should plan for 15 minutes delays during the day and 30 minute delays at night. Currently, wait times have been limited, but traffic has been heavy. Please check the construction blackboards frequently for updates. You can also view a live webcam of the construction area by visiting [https://www.nps.gov/features/grte/brightsign/gv\\_camera\\_noi2.html](https://www.nps.gov/features/grte/brightsign/gv_camera_noi2.html) or just type "Gros Ventre roundabout construction" into your web browser. Still pictures of the site are uploaded every 15 minutes, so keep in mind conditions may change while you're on the road.

## Aimee & Tony Complete Leadership Jackson Hole:

*Aimee Crook & Tony Cross recently graduated from a 9 month program through Leadership Jackson Hole. Organized by the University of Wyoming Extension and sponsored by Teton County, the program included a series of sessions of workshops for emerging leaders who wish to increase their leadership skills, knowledge and ability to participate in community issues. Congratulations Aimee & Tony!*

Leadership JH created a community based project designed to de-stigmatize mental health. Illustrations painted on businesses and printed on stickers, posters and coffee sleeves can be found all around town to help create awareness. Follow the #HereForYouJH campaign to see all of their

## FBO Situation:

Although there is no firm closing date, the Jackson Hole Airport Board has amended the Asset Purchase Agreement which has extended the purchase closing date until after the pending court case has been resolved. The court case is to be heard at the State Court level and the timing of its resolution is unknown. In short, we feel it's not if we will purchase Jackson Hole Aviation, but when.

## JH Airport Boards Celebrates 50th:

It has been 50 years since the formation of the Jackson Hole Airport Board! To commemorate, the Airport is organizing an exciting, free, community event to celebrate aviation, celebrate the 50<sup>th</sup> anniversary and to say thank you to our community. Mark your calendars for the evening of September 4<sup>th</sup>. We will be holding a special event at the Jackson Hole Center for the Arts. More information and surprises to come as the event approaches. We can't wait to share the details with you all!!!
